

BIG GAINS IN MAINE FOR REPUBLICANS

PINE TREE STATE ASTONISHES POLITICIANS.

Plurality Will Probably Reach 50,000, a Gain of Over 30,000 Votes—Sewall's Home City, Bath, Shows Heavy Democratic Losses—Major McKinley Speaks to Wool Growers.

Portland, Me., Sept. 15.—Elections throughout Maine Monday resulted in the election of the state ticket headed by Llewellyn Powers for governor by a larger majority than had been predicted by party leaders.

The indications are that the total republican vote will reach 82,112, a gain of 12,523 over two years ago. The plurality for Powers (rep.) for governor will be over 45,000, and probably in the neighborhood of 50,000. Mr. Reed's plurality will reach 10,000, the largest he has ever received.

The returns show a majority of about 12,000 for Mr. Brewster for congressman

the members of his party who favored free silver out of the democratic ranks. His opposition has been based on the candidacy of Mr. Sewall for vice-president, which he maintains is inconsistent, and his objections to the democratic ticket on that account have been most strenuous. The figures at hand indicate that there has been some decrease in the populist vote. It is believed that some of this loss has been added to the democratic strength.

The prohibitionists conducted their campaign on practically the same lines as in past years. In none of the congressional districts was there a close contest. All of the democratic candidates for congress evidently believed that it was impossible to defeat the republican nominees and their canvass was not very active. In Mr. Reed's district it was conceded that his majority would be greater than ever before, and it was also expected that Messrs. Dingley, Milliken and Boutelle would be successful by increased majorities.

Bell and Tynan Alleged to Have Been Preparing to Make Bombs—Recently Released Dynamiter Gave Information to the Authorities—Plan Against the Czar's Life.

London, Sept. 15.—It is generally believed here that the police, by the arrest of Edward Bell at Glasgow Saturday, J. W. Wallace and John F. Kearney at Rotterdam and P. J. P. Tynan ("No. 1") at Boulogne-sur-Mer, France, have nipped a widespread dynamite plot in the bud.

At Rotterdam, in addition to arresting Wallace and Kearney, the police captured some infernal machines and a quantity of correspondence which is said to incriminate a number of people

BRYAN IS TALKING 'WAY DOWN SOUTH

HENDERSON, KY., THE FIRST POINT REACHED.

Big Crowds Pay Their Respects to the Democratic Leader—Populists Notify Bryan and Watson of Their Nomination—Silver Leaders Meet—Other Political Gossip.

Henderson, Ky., Sept. 15.—Mr. Bryan entered Dixie at this point Monday afternoon amid the music of brass bands and the booming of cannon and giant crackers. A crowd of 25,000 or 30,000 people lined the streets and cheered Mr. Bryan on his way to Central park, where he made his first speech.

Louisville, Ky., Sept. 15.—When Bryan's train rolled into this city 20,000 people met him at the depot. At Owensboro, where the free-silver move-

Senator Teller of Colorado and Senator Dubois of Idaho, two of the silver republicans who are the advisory board of the silver democratic executive committee, arrived and held a conference with Senator Jones, chairman of the national committee.

The conference lasted all the afternoon. When it broke up those who took part in it were reticent as to details, but in a quiet way said that the conference had discussed the general political situation. It was decided that Senator Dubois should devote his time mainly to the Pacific coast. Senator Teller will make several speeches in Kentucky, West Virginia and Maryland, and he may make a speech or two in New York, his old home.

Mr. Bryan Avoids a Precedent.

Evansville, Ind., Sept. 15.—William J. Bryan yesterday denied the story that he would speak from the steps of the capitol at Washington. He said that he had heard of such a rumor, and that he had telegraphed the committee in charge of the meeting there that to do so would not be in accord with his wishes. "It would be a bad precedent," said Mr. Bryan, "and one which I would

from the 2d district, over 10,000 for Mr. Milliken in the 3d district and practically the same for Mr. Boutelle in the 4th district.

In the opinion of well-informed men of both parties the result of the election will be to cause the withdrawal of Mr. Sewall from the national democratic ticket, as his own town shows a republican gain.

In the state legislature the democrats will apparently have less than a dozen of the representatives in the house, and not one in the senate.

As anticipated, the republicans polled a tremendous vote and secured many democratic ballots. On the other hand, many disaffected democrats remained at home and only a few voted for the nominee of the gold-standard wing. The populists' and prohibitionists' votes have been received from only a few towns, but it is evident that neither party polled as large a vote as two years ago.

Everywhere at the polls the organization of the republicans was evident in the activity they displayed in getting out a full vote at the earliest possible hour. Scores of hacks and carriages were in commission to carry the old and lame voters to the polling places, and many persons from other states also came home to vote. The democratic organization was not nearly as good. There were only a few local contests to arouse factional feuds, and order was preserved at the polls throughout the state without much difficulty.

The campaign contest of the day was the most interesting Maine has seen in twenty years, if ever in her history. It has presented the unique feature of son arrayed against father in the case of Harold Sewall of Bath, who took the stump to argue against the principles of Arthur Sewall, the democratic nominee for vice-president. But in all the strife and contention the contest was remarkably free from personalities.

The most effective work was done from the stump, and never did a more formidable array of campaign orators expound republican doctrines in a New England state. But the struggle was not entirely one-sided. With internal dissensions and a lack of funds to contend with the democrats made a very strong fight, especially in the cities. Candidate Frank did good work on the stump, and, while the speakers generally from outside of the state were not orators of great fame, their work was productive of some results.

In the last two weeks the gold democrats took a hand in the struggle and several of their leaders addressed large audiences in the cities, but the returns indicate that the principal effect of their participation in the campaign was to strengthen the republican ranks. If the names of the nominees of the gold democrats had been on the ticket, however, it is believed a very good showing would have been made. Candidate Bateman was the main strength of the populists in their canvass, his efforts being mainly devoted to keeping

and wool growers from one of the most wool-growing regions in the country, marched to the McKinley home Monday, where D. A. Hollingsworth, ex-attorney-general of Ohio, introduced the visitors. Major McKinley responded.

Shoots and Kills His Sister.

Carrollton, Ill., Sept. 15.—James Uzzell, the 15-year-old son of Edgar Uzzell, residing at Newport, west of this city, shot his 11-year-old sister in the face with a shotgun, tearing off her nose, upper front portion of the jaw and the end of her tongue. He shot her purposely, having become angered at her. The girl died.

Senator Palmer Home Again.

Springfield, Ill., Sept. 15.—Senator John M. Palmer, candidate for president on the democratic national ticket, returned home Monday night from Louisville, where on last Saturday he delivered his speech of acceptance. Mrs. Palmer accompanied the senator on his trip. When they reached the city they were fatigued by their all-day journey. The senator went direct to his residence and spent an hour over the important mail that had accumulated during his absence from the city. As Senator Palmer has important law duties that demand his attention in Louisville, Ill., he will probably leave for that place in a few days.

Cockran to Speak in Iowa.

Des Moines, Iowa, Sept. 15.—J. C. Cummins has secured the promise of Bourke Cockran to speak here early in October. The officers of all the McKinley clubs of the county meet here today to make arrangements for the Thurston rally in Des Moines Sept. 30. Owing to objections on the part of the democratic state central committee, the date accorded Mr. Watson for a rally here has been withdrawn, and he will not speak in Des Moines, probably not in Iowa.

Thacher for Governor.

Buffalo, N. Y., Sept. 15.—It seems probable that the ticket to be named by the democratic state convention when it assembles on Wednesday will be as follows: For governor, John Boyd Thacher of Albany; for lieutenant-governor, Charles P. McClelland of Westchester; for judge of the Court of Appeals, Robert C. Titus of Buffalo. The platform will be brief if the wishes of those at present here are carried out. It will indorse in a few words the platform and ticket adopted at Chicago.

and which may result in further arrests in the near future.

Bell was arraigned at the Central police court Monday, and after the usual formalities had been gone through with the prisoners were remanded until Wednesday next. The prisoner has very little to say about his being taken into custody. The only information which he has thus far vouchsafed is that he is not a British subject. Bell's papers and other belongings are in the hands of the police, who, it is said, have been shadowing him since his arrival in Glasgow.

It appears that the police officials have been cognizant for some time past of the existence of a fresh dynamite conspiracy, and there is no reason to doubt that the information in possession of the Scotland Yard authorities is of the most serious character, although it is difficult to obtain definite facts at present.

The Globe, which has close relations with the government, in a long leading editorial article intimates that the arrests were made on information received from one of the recently released Irish political prisoners. It is added that this man has also furnished the authorities with valuable evidence in relation to the Clan-na-Gael, and it is further stated that the government recently released several prisoners so as not to furnish an exact clew to the source of its information.

One of the most notorious Fenian leaders, it is also said, arrived in Great Britain from the United States several months ago, and the Globe at that time published an article about his presence, pointing out that there was a general revival of Fenianism in progress. As a result of these disclosures, the Globe claims, the Fenian leader alluded to had been returned to the United States.

A dispatch from the Boulogne-sur-Mer says Tynan was arraigned there Monday before the deputy police prosecutor. The proceeds were confined to furnishing evidence of the arrest and the establishment of the identity of the prisoner, which the latter fully admitted. Two Scotland Yard detectives were present at the formalities and, eventually, the prisoner was remanded and taken to the town jail, while awaiting the arrival from London of the documents necessary to bring about his extradition.

Tynan, who seems to have had no idea that he was shadowed by English detectives from the moment he landed in Europe, feels his position keenly. He told his captors he knew capital punishment awaited him if he was handed over to the representatives of the British government.

Plot Against the Czar.

NOTE FROM POPULISTS.

W. J. Bryan Told of His Nomination by That Party.

Madison, Neb., Sept. 15.—The notification sent to Mr. Bryan by the populist party is in part as follows: "William J. Bryan, Lincoln, Neb.—Dear Sir: At a convention of the people's party held at St. Louis from July 22 to July 25 of the current year you were unanimously nominated for president of the United States, to be voted for at the approaching general election. Your nomination by the people's party was not made with any thought that you were a populist or that you accepted all the doctrines declared by the St. Louis platform. It was due largely to the fact that the money question is the overshadowing political issue of the age, and because you have at all times been an unswerving, able and fearless advocate of the free and unlimited coinage of silver and gold on terms of equality at the mints of the United States at the ratio of 16 to 1.

"It has at no time been expected, or is it now, that you will abandon your adhesion to the Chicago platform, nor that you will accept all that is declared in the people's party platform, however gratifying the latter would be to all populists. It must be understood that the party does not abate one jot or tittle of loyalty to its principles. We have declared ourselves in favor of many important reforms that are, in our judgment, essential to the liberation of the people from present unjust and iniquitous industrial bondage. The people's party will exact of you no promises farther than those made in your public utterances and exemplified in a life devoted to the welfare of the race, nor will it ask you to abandon the party of which you are an honored member. Your extensive and intimate knowledge of public affairs and the duties the office will impose, gained in a life that has been devoted to upholding the cause of the people as well as your keen insight into the condition of our country, in our judgment highly qualified you to bring about a change in a way that will work injury to none and justice to all, thus making our government in fact, as it is now in form only, a government 'of, by and for the people.'

Butler Notifies Watson.

Washington, Sept. 15.—A letter has been sent by Senator Butler of North Carolina, the chairman of the populist executive committee, to Thomas E. Watson of Georgia, notifying him of his nomination as candidate for vice-president by the populist national convention. The letter refers to the nomination of Mr. Bryan by the democrats, and says, the people's party at its second national convention recognized in him a man who stands in the broadest and truest sense for American institutions and American principles.

WINDOW GLASS MAKERS.

Effort to Be Made to Unite Eastern and Western Associations.

Muncie, Ind., Sept. 15.—Thomas Hart, manager of the Western Window Glass Manufacturers' association, has gone to Cincinnati, where he will meet with the representatives of every window glass factory in the country at the Burnett house. There are now two associations and several of the factories are not in either. The object of the meeting is to consolidate the eastern and western associations and make one gigantic combination to fight D. A. 300, who are now making an attempt to secure a raise of 10 per cent in wages. None of the factories are in operation, and if the big combination is made they will not be operated until the men agree to go to work at the old scale. In the event that Manager Hart is successful the main offices, which are now located in Muncie, will be removed to Pittsburg.

Wisconsin Executive Committee.

Milwaukee, Wis., Sept. 15.—Evidence that the gold democrats will inaugurate a vigorous campaign in Wisconsin was given Monday when Chairman Ellis G. Usher of the state central committee announced the appointment of the following Monday when Chairman Ellis B. Usher, chairman; E. P. Hackett, Rollin B. Mallory, Milwaukee; H. W. Hostman, Plymouth; John Nagle, Manitowoc; Dr. Rush Winslow, Appleton. John Johnson of Milwaukee was chosen treasurer of the committee.

Fatal Fire at Milwaukee.

Milwaukee, Wis., Sept. 15.—As the result of a fire in Arthur Manger's livery stable at 279 Milwaukee street, at 1 o'clock Monday morning, at least two persons lost their lives. There is a strong probability that more bodies will be found in the ruins, as a number of Jewish peddlers slept in the building.

STRIKES EXCUSE DELAY.

Important Decision of the United States Circuit Court of Appeals.

St. Paul, Minn., Sept. 15.—That delay is excusable when caused by strikers intimidating those who would take their places is the conclusion of the United States circuit court of appeals in the case of the Empire Transportation company, appellants, vs. the Philadelphia and Reading Coal and Iron company. A shipment of coal could not be unloaded within the time specified in the charter and damages were asked, but the court holds the delay caused by the strike of the employees of the charterer without grievance or warning and an organized and successful effort on their part to prevent, by threats, intimidation and violence, other laborers who are willing to do so from discharging a vessel, is excusable and the charterer is not liable for damages.

Emperor Sustains Von Hahnke.

Berlin, Sept. 15.—After the parade on the Tempelhof field Emperor William made a speech to the superior officers present, in which he declared that he was desirous of showing his unimpaired confidence in his loyal and valued servant, General von Hahnke, in face of the insinuations and attacks made upon him in connection with the resignation of General Bronsart von Schellendorf as secretary of war. The emperor continued that he had therefore appointed General von Hahnke to the colony of the Prinz Carl Preussengrenadiers.

ARE NO DEMOCRATS ABOUT HANOVER

THE SENTIMENT IS ALL FOR
M'KINLEY NOW.

Four Years Ago the Situation Was Just Reversed—Storm Does Great Damage on M. M. Phelps' Farm—Hog Cholera Raging—Other County News.

Hanover, Sept. 15.—The political outlook in this section is very favorable for a large republican majority. Four years ago there were but a few republicans to be found in this section. Now, one can hardly get a man to admit that he ever was a democrat. We consequently expect this fall to see the largest majority for McKinley, honest money and protection, ever received by any president. The four-hundred-acre farm of M. M. Phelps south of this place, was mostly covered by water during the recent storm, and presented the appearance of a large lake. The corn fields were flooded to the depth of six feet, much of it being covered by mud and debris, so as to be almost a total loss. About twenty-five acres of small grain was washed away from the same farm by the freshet last July, so the present heavy loss will be a double hardship for the occupant. Hog cholera is becoming quite prevalent in this section. Mr. H. Shule has lost about forty head, E. D. Holmes thirty-six head and many others from one to twenty. Friday last was a great day for Hanover. People came from many miles around to hear the financial situation discussed by M. G. Jeffris and W. Lane of Janesville. There were several hundred present, among which was a delegation of about fifty Janesvillians, most of whom occupied the "amen corner" and shouted lustily for the single gold standard. After the speaking there was a game of ball between Orfordville nine and Hanover, the latter being assisted by J. F. Sweeney and M. Murdoch of Janesville. Saturday night and Sunday morning occurred the heaviest rain storm this season, about eight or nine inches of rain fell, which caused B. S. Creek to raise higher than all previous records.

M. J. WELLS' INJURY IS SERIOUS
Milton Man Who Chopped His Foot Will Be Laid Up Some Time
Milton, Sept. 15.—Frank J. Wells met with a serious accident Sunday afternoon. An ax which he was using struck his foot, owing to the breaking of a barrel on which he stood, cutting it nearly half off. Dr. Erdick dressed the injured member and Mr. Wells is doing as well as could be expected, but at the best it will be weeks before he can use it. His misfortune is the greater owing to the fact that his wife is dangerously ill, and the accident affects her very unfavorably. Miss Gertie Davidson is dangerously ill with appendicitis, but her physician hopes for recovery without an operation. The heavy rains of the past few days have given the ground a very thorough soaking. Rev. W. T. Millar occupied the pulpit at the M. E. church Sunday morning. J. H. Berkeley, prohibition candidate for governor, spoke to an audience of one hundred at Goodrich hall, Saturday evening. He is a pleasing speaker. Car load shipments from this station last week included two cars of live stock, two of oats and one of tobacco. Mr. and Mrs. Chas. Vincent, of Wellsville, N. Y., were the guests of Mrs. S. L. Davis Saturday. Street corner political discussions are numerous here. W. H. Weaver and O. H. Goodrich returned from St. Paul Saturday morning. W. B. Anderson and wife, of Lake Mills, have been visiting their Milton relatives this week. Hon. Jeremiah Davis, of Rockford, was in town Monday.

News From Fairfield.
Fairfield, Sept. 15.—Rev. Potter, of All n Grove, occupied the Methodist pulpit last Sunday. Born—to Mr. and Mrs. George Dykman, September 5, 1896, a daughter. R. A. Magnolia, Sept. 16.—Mr. and Mrs. George Barr are moving out of the parsonage into the house owned by Mrs. Lucius Andrew. On the twenty-second of this month, Hon. Malcolm G. Jeffris, of Janesville, will address the people of this place on the political issues of the day. Mrs. Lucretia McCoy and Maria Chase took a flying trip to Walter Woolcott's last Wednesday. The horse they drove belongs to Clyde McCoy, and is a fast one. Mrs. Frazier is steadily failing in health. Elder Bloom preached for the Adventists last Sunday morning and evening. Mrs. Jessie Gillman and daughter, Cleve, were in town last Saturday and Sunday.

Rally at Newark Town Hall.
Newark, Sept. 16.—Although it was very dark last Saturday evening, a large and attentive audience gathered at the hall to listen to a discussion of the political issues of the day. V. S. Davis, president of the republican club, presided, and introduced F. P. Starr, who spoke for an hour and a half devoting the greater part of the time to the money question. The speaker in a very earnest and eloquent manner, appealed to the common sense of the audience and not to their passion and prejudice. He impressed them that they all had one common interest and one general welfare, laid bare the fallacies of free coinage; and made a manly plea for honest money, protection and prosperity. The speaker was heartily applauded throughout his address, and three rousing cheers were given for McKinley and the republican ticket at the close of the address.

McAFFREY GOT A HARD FALL
Topped From Zeigler's Railing Into the Stone Floored Basement.
Arthur McCaffrey fell ten feet last evening landing on his head and back and cutting a gash five inches long upon his head, beside receiving a severe shaking up and painful bruises. The accident happened at 8:15 o'clock. While McCaffrey was sitting on the iron railing on the main street side of T. J. Zeigler's store he lost his balance and fell. People passing heard groans in the basement and found McCaffrey lying in an unconscious condition with his head in a pool of blood. Chief of Police Acheson was soon hand and the injured man was removed to Dr. W. H. Palmer's office where he remained in an unconscious condition for over an hour. Dr. Palmer, assisted by Martin Trulson, a student in the office, closed the scalp wound with eight stitches, and the injured man was removed by the patrol ambulance to his home, at No. 504 Pleasant street. Today his condition was slightly improved, although throughout the night he complained of pains in his back.

A CHURCH BURNED AT COOKSVILLE

THE NORWEGIAN SANCTUARY
LAID LOW.

Bolt of Lightning Caused Its Total Destruction—Building Was Insured For \$2,000, and Will Be Rebuilt—The Storm Did Much Damage At Emerald Grove.

Cooksville, Sept. 15.—During the storm Saturday night, the Norwegian church in this village was struck by lightning, and burned to the ground. The alarm of fire called every one to the spot, but it was impossible to do anything, as the whole building was in flames in a few short moments. A part of the communion service was all that was saved. There was an insurance of two thousand dollars on the edifice. The church was a handsome one, and was an ornament to the place. We sympathize with our Norwegian friends, as they greatly enjoyed, and were justly proud of their church. It will be rebuilt. A missionary meeting was held in the basement of the Congregational church Saturday afternoon. Supper was served to all who wished. Miss Anna Sewell, of Stoughton gave a short talk. Mr. and Mrs. George Wilder have returned from their eastern trip. They were gone two months, and report a pleasant journey. School began here last Monday with a good attendance. Mrs. Avis Brown is teacher. Miss Ella Morgan has been sick for the past few days. Mr. and Mrs. Cloude Stebbins attended the contest at Stebbinsville, Saturday evening. Mrs. M. S. Seaver has returned to Stoughton, after a stay of five weeks in her old home at this place. Miss Susan Porter, of Janesville, is a guest of Mrs. Richardson and other relatives here, for a week. Mr. and Mrs. Charles Hardin, of Evansville, visited a few days with their daughter, Mrs. Will Lee. They returned home Saturday. Mrs. Will Porter has returned from her visit to St. Paul. Mrs. Ida Gillies has gone to Chicago to attend school. The tobacco in this section has been secured in good condition. A finer crop has not been raised for years.

Cooksville, Sept. 15.—The corn crop is nearly all out and the best for a number of years. The tobacco is all in the shed and needs drying weather. Grapes are an abundant crop this year, and are brought to your door for twenty-five cents a basket, very nice. Miss Belle Reice will start this week for an extended visit in Iowa. She will stop in Chicago and visit a few days on her way. Mrs. Leedle, while walking across the room, had a dizzy spell and fell, cutting her head on the table. She also stepped on a needle and had to go the next day and have Dr. Colony extract it. She is able at present to be around. The contest last Saturday evening at Stebbinsville was well attended. Miss Irene Wood won the prize. A suffrage contest will be held in the church, in Cooksville, on Friday, September 25. All are invited. The program will soon be out. Mrs. Susan Porter, who has been visiting friends here, returned to Madison this week to take another course at the university. Charles Davis picked the apples on one of his trees last week. Just seven, one for each member of the family. They were bouncers. One is going to the fair. Watch for it. Mrs. Melina Seaver has returned to her daughter's home in Stoughton, after spending a few weeks at her home in Cooksville. The ladies of the Norwegian church spent the Wednesday before it was burned in giving it a thorough cleaning, and when Sunday came it "was not." Miss Lillian Graves is teaching in the Tupper district. Edson Brown, while at his father's in Center, lost his driving horse, "Sampson," inflammation of the bowels was the disease. Willie and Marshal Ray won their lawsuit against Charles White. A new bridge is needed east of Chet Gilley's, or the town will have some more damage to pay.

BIG FLOOD AT EMERALD GROVE.
Houses Are Inundated and Cattle Filled—Cow Killed By Bolt.

Emerald Grove, Sept. 15.—On Sunday morning we had a down pour of rain which has not been equaled in many years. The fall is estimated all the way from seven to ten inches. The storm was accompanied by fierce thunder and lightning. A mighty river ran down Main street. Many cellars were filled and two houses had water on the first floor. Many articles of personal property went down stream. On Monday we had another rain which nearly equalled the one of the day previous. Some damage was done to shock corn in low places. John McArthur had a cow killed by lightning. Misses Marie and Margaret Hamilton, Floie McGregor and Graham Galbraith of Janesville, spent Saturday out here the guests of Miss Tena Barlass. A number from here attended the concert at Smithton Saturday evening. Mr. and Mrs. H. A. Forbes of Trinidad, Col., are visiting relatives here. They are the guests of Mr. and Mrs. W. J. Jones. A. J. Boynton will leave this week for Sparta, where he will act as principal of the city schools the coming year. H. Boon lost a valuable Jersey cow last week, by milk fever. Mr. and Mrs. S. J. Cuckow of Janesville, are stopping with their son, S. F. Cuckow. Mrs. Fuller of Pengan, Pa., a daughter of Mr. and Mrs. Cuckow, is with them. Miss Battle Scott is on the sick roll.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver and kidney troubles, catarrh and malaria.

Such Cures as This Prove Merit.
"My little nephew was a plump and healthy baby until a year and a half old, then sores broke out behind his ears and spread rapidly over his head, hands and body. A physician said the trouble was scrofula humor in the blood. The child became one complete sore. We had to restrain his hands to keep him from scratching the sores. We were induced to try Hood's Sarsaparilla, and in a short time he had more life. He improved rapidly, his skin became entirely clear of sores and he is now a healthy child." MRS. FLORENCE ANDREWS, Clearfield, Iowa.

BELOIT COLLEGE OPEN

Terms Will Begin With Services In the Chapel Tonight—Football Team Organizing.

Beloit, Sept. 15.—[Special]—Beloit college opens tonight with services in the chapel. Between 350 and 400 students are in attendance. Among them are twenty young ladies in the freshman class, twenty in the sophomore class and seven in the freshman class. Dr. Hollister has been engaged as athletic trainer for the ensuing year, and has commenced to pick out foot ball material from among the new men present. It will be remembered that the Beloit foot ball team of last year was considered the best in the northwest, losing but two of the many games played, and as nearly all of the old players have returned to school Captain Atkinson expects to place even a better team than last year's on the gridiron this fall. Active, systematic training will be begun at once, as it is expected playing will be commenced early in order to fill the many games asked of Beloit.

GAVE AN EXCELLENT PERFORMANCE
Columbian Comedy Company Pleased a Large Audience Last Night

The Columbian Comedy company, which is by far the best repertoire company that has visited Janesville this season, opened a week's engagement at the Myers Grand last evening. The house was filled, and the rendition of the "Black Flag" was artistic. The company is exceptionally capable, and the musical features unusually good. Tonight "Burr Oaks" will be the bill. The company will doubtless do the big business that merit always wins.

THE MASONS HAD A JOLLY TIME.
Initiation of G. H. Smith Followed by a Banquet Last Evening.

Grant H. Smith, of this city, was initiated into the mysteries of the third degree of Masonry, at a regular communication of Janesville Lodge No. 55, F. and A. M., held at Masonic hall last night. A banquet followed and among the visitors were W. A. Dodd, Daniel Williams, Walter Swaney, Samuel Oborn, A. E. Conkey and J. P. Hinkley, of Milton; H. M. Walker and J. A. N. Ledger, Milwaukee; Eugene Glass and A. E. Vosburg, Battle Creek, Michigan; Charles Wood and Alexander Wood, Canada; and C. Crow and Mr. Ayres, of Footville, Wis.

WOMAN'S INFLUENCE.

The influence of women upon the civilization of the world, could never be measured. Because of her, thrones have been established and destroyed. The flash of her eye, the touch of her hand, and we have the marvellous power of women, glorious in the possession of perfect physical health.

Lydia E. Pinkham, by her wonderful discovery of the "Vegetable Compound," has done much to place this great power in the hands of women. She has lifted thousands and thousands out of the misery brought by displacement of the womb, and all the evils that follow diseases of the uterus. The "Vegetable Compound" restores natural cheerfulness, destroys despondency, cures backache, strengthens the muscles, restores the womb to its normal condition, and you are changed from a physical wreck to the joy of your home and friends. By the way—the leading druggists tell us that the demand for Lydia E. Pinkham's Vegetable Compound is simply beyond their power of understanding, and what is best of all, it does the work and cures where the best physicians utterly fail.

MORGAN AND RUGER TO RETIRE

Speculations Rise as to Who Will Be Their Successors
A dispatch from Washington says: The next vacancy in the army will come on the retirement of Brigadier-General Michael R. Morgan, Commissary General of Subsistence, a few months hence. Gen. Morgan's successor will probably be one of the five Assistant Commissary-Generals. In order of seniority they are: Col. Thomas C. Sullivan, of Ohio, Col.

MAJOR GENERAL THOMAS H. RUGER.
[Janesville's Noted Soldier.]

William H. Bell, of Pennsylvania, Lieutenant-Colonel William A. Elderkin, of New York, and Lieutenant-Colonel W. H. Nash.

Col. Sullivan will retire in November, 1897; Col. Bell in January, 1898; Col. Cushing and Elderkin in 1903 and Col. Nash in 1898. In less than three months after Gen. Morgan's retirement comes that of Maj.-Gen. Thomas H. Ruger, commanding the department of the east. This retirement will necessitate promotions all along the line, including the appointment of a major-general and a brigadier-general. There are six brigadier-generals eligible for the major-generalship—viz.: Brooke, Otis, Wheaton, Forsyth, Bliss and Coppinger.

Gen. Wheaton will retire five weeks after Gen. Ruger, and some officers think he stands no chance of selection. Because of seniority Gen. Brooke is regarded in army circles as most likely to receive the double star.

REPUBLICAN CONVENTIONS

Senatorial Convention.

There being no senatorial district committee in the Twenty-second senatorial district authorized to call a convention, the undersigned, S. C. Burnham, has been designated and appointed by the chairman of the republican state central committee, to issue said call. In accordance with which appointment and designation, the republican electors of said senatorial district are hereby notified that a senatorial district convention will be held at the court house in Janesville, Thursday, September 17, at 2 p. m., for the purpose of nominating a candidate for state senator, nominating a district committee for said senatorial district, and transacting such other business as may properly come before the convention.

The several precincts are entitled to the following representation:
In Jefferson county: Aztalan, 2; Jefferson, First precinct, 2; Second precinct, 4; Third precinct, 1; Koshkonong, First precinct, 4; Second precinct, 4; Third precinct, 4; Lake Mills, 6; Milford, 2; Oakland, 2; Sumner, 2; Watertown, 1; Waterloo village, 2.
In Rock county: Lima, 3; Milton, 3; Fulton, 4; Porter, 3; Union, 3; Magnolia, 3; Center, 3; Janesville, 2; Harmony, 2; Johnstown, 2; Bradford, 2; La Prairie, 2; Rock, 2; city of Edgerton, 4; city of Evansville, 6; city of Janesville, First ward, 7; Second ward, 5; Third ward, 7; Fourth ward, 5; Fifth ward, 3.

Special Com. for the 22d Senatorial District.

Assembly District Convention.

A republican convention for the First assembly district of Rock county, is hereby called to meet in the common council chamber, in the city of Janesville, on Saturday, the 19th day of September, 1896, at 1:30 o'clock p. m., for the purpose of placing in nomination a candidate of the republican party for the office of member of assembly for said district, and for the transaction of such other business as may properly come before said convention.

The several wards and towns in said district will be entitled to representation in said convention as follows:
Towns of Janesville, Rock and La Prairie, two delegates each; First ward, city of Janesville, seven delegates; Second ward, city of Janesville, five delegates; Third ward, city of Janesville, seven delegates; Fourth ward, city of Janesville, five delegates; Fifth ward, city of Janesville, three delegates. ROSTER CASE MAY BE REVIVED.

W. J. P. McPhail May Sue to Recover Damages, Because of Cancellation.

The ghost of the somewhat famous "roster suit" is again floating through the air. Col. W. J. P. McPhail, of Madison, is likely to revive the matter. Col. McPhail was the editor-in-chief of the defunct Madison Times, the organ of the Peck administration. He is the person with whom ex-Gov. Peck contracted for the printing of the roster of Wisconsin volunteers, and was one of the plaintiffs and the principal witness for the prosecution in the celebrated roster case. It is stated with positiveness that there will soon be some more interesting litigation over the roster contract, in which ex-Gov. Peck, ex-Attorney General O'Connor, Assistant Secretary of War Doe and ex-Senator R. M. Bashford will appear as defendants, and Col. McPhail as plaintiffs. This suit, it is said, will be for damages on account of the cancellation of the roster contract.

L. M. B. S. Attention.

The L. M. B. S. will hold a meeting at LaPrairie Grange hall, Monday p. m., September 21, for the purpose of receiving entries and on Friday, September 25, p. m., the secretary of the grange and L. M. B. S. fair, will be at the hall to receive entries for the fair.

THIS DAY IN HISTORY
1536—Philip of Austria, father of Charles V, died.
1632—Sir Thomas Overbury died in the Tower of London, which led to terrible revelations.
1615—Lady Arabella Stuart died in the Tower, where she had been imprisoned six years because of the foolish jealousy of her cousin, James I.
1776—New York city captured by the British. At the beginning of the war the British held the harbor, and in August, 1776, the forts at the lower end of the city were evacuated. The disastrous battle of Long Island lost the city to the patriots.
1789—James Fenimore Cooper born at Burlington, N. J.; died 1851.
1794—John Witherspoon, eminent Presbyterian preacher and scholar, and "signer" for New Jersey, died near Princeton, N. J.; born in Scotland 1722.
1862—Surrender of Harper's Ferry and death of the commander, Colonel Dixon H. Miles; the most important surrender of the war.
1892—Arrival of the steamer Bohemia at New York from Hamburg, reporting 11 deaths by cholera, at sea.

MR. COCHRAN'S SPEECH.
A wonderful demonstration was that in Chicago, Saturday night. Eight thousand people sat spell bound while W. Bourke Cochran, outlined the issues of the campaign, and four times eight thousand were turned away unable to gain admission. Cochran traversed the full field of monetary controversy. He stated Mr. Bryan's position more logically and effectively than Mr. Bryan has done in any speech or letter, and then with cool unimpassioned argument he scattered the populist breast-works to the four winds, and with their own guns put the enemy to flight.
Two of Mr. Bryan's assertions were given especial attention. One of these was the charge that laboring men were being intimidated by employers to vote for sound money. The other was that England controlled the financial policy of this country. The speaker declared that any man who attempted to corrupt the American suffrage by intimidation was a criminal and should be denounced. Mr. Bryan, if he had knowledge, as he intimidated, had no right to shield such a criminal. He needn't carry on the prosecution himself. Mr. Cochran guaranteed that honest democrats would do it if the proof was furnished. He summoned Mr. Bryan to do his duty in the matter, and the audience applauded to the echo.
The speaker explained at length the fallacy of the assertion that England was controlling the financial policy of this country, and in doing so he quoted from history to show that John Bull was troubled with populists two hundred years ago. He showed how England arose to the occasion after a disastrous experience with debased and clipped currency, and by an honest financial system became the banker of the world and won a great industrial victory. He ridiculed the proposition that an American army should be equipped with flint locks because the British army has rifles of modern make.
Mr. Cochran is not a man who deals in high sounding generalities. He showed his fondness for homely, matter-of-fact illustrations when he turned to the needlessly involved question of the standard.
"A standard of value," he said, "is simply the measuring of the value of all commodities by some one commodity, whatever it may be. A standard is always the measuring of some one unit that you accept for the standard. If, for instance, I selected the chairman of this meeting, and we all agreed that we would test the height of every man in the room by the height of the chairman, everybody would understand precisely what was meant if we said a man was above or below the standard. It would mean that he was higher, or that he was not so tall, as

the chairman. The selection of the chairman for that standard would not add one inch to his stature, nor would it take one inch from it. [Applause.]
"Now, you can see, my friends, that would be a simple and easy method of giving to everybody a pretty clear intellectual conception of the height of the person I was endeavoring to describe; that would be a sensible method of measuring. Now, I assume the chairman has got a five-year-old son, and suppose, in order to make a double standard, according to the notion of the populists, we declare that there should be a double standard of height, and it should consist of the chairman and his five-year-old son. Do you think anybody could make very much of a statement that a person was above or below the standard? Now that is precisely what the populist wants to do when he asks you to make a double standard of value. If you have a silver standard you can understand that, and you can measure the value of commodities in silver just as well as you can by gold, but you cannot measure the value of commodities by both any more than you could measure the height of a man by the height of the chairman of this meeting and the height of his 5-year-old son, calling two a double standard of height. [Applause.]
"In this country, we established years ago, in 1834 and not in 1873, the gold standard, and the gold standard was established by the concurrence of the leaders of the democratic party, and the bill which created it and established it was fathered and championed through the senate by Thomas Benton, the friend and spoil-man of Andrew Jackson. [Applause.] Now, it is well that we should understand what the issue is between the populist and the democrat in this campaign on the money question. Mr. Bryan would tell you it is the remonetization of silver. It is not anything of the kind. If the proposition was merely to remonetize silver and to make silver a standard by which future debts could be measured, by which future values should be ascertained, a very different proposition would be presented from that which is involved in this canvass. The question here is not a change in the standard of value applicable to future transactions, an honest change, but it is a change in the standard and the making of that standard applicable to existing contracts and accomplishing the robbery of one class of people. [Applause.]
"The question here is not a change in the standard of value applicable to future transactions, an honest change, but it is a change in the standard, and the making of that standard applicable to existing contracts—[applause]—and accomplishing the robbery of one's fellow citizens. [Great applause.] It is just as well that we should bear these distinctions in mind, because the distinguishing feature of populist oratory is that, with a very slight confusion of terms, it can establish a confusion of argument that the intellect of man cannot unravel. [Laughter.] Nothing is more common, for instance, than for a populist to confuse the expression price and the expression value, and yet nothing is more distinct than those two expressions. A man may change the price of things by legislation. No man can change the value of things except through the labor of man and the concurrence of God Almighty. [Applause.] A change in the standard of value applicable to future contracts would hurt nobody seriously. It would present a question of convenience. It would present a question of policy on which men might differ, but it would not present a question of morals on which honest men cannot differ and on which democrats are bound by their consciences. [Great applause.]
Now, to show you just what effect of a reduction of the standard of value on future contracts might be, and how little it would affect the trade of individuals, you have but to liken it to a change in the standard by which lengths are measured, the standard of linear measurement. Suppose somebody should pass a law through the legislature of the state of Illinois decreeing that in future the yard measure should consist of eighteen inches. That would not hurt anybody particularly. When you want a certain quantity of cloth you order just twice as many yards as you order now, and you pay about the same for it. Where ten yards would suffice under the present measure you would have just exactly the same amount of cloth, and you would probably pay exactly the same price for it.
But, on the other hand, if they should increase the yard measure to seventy-two inches, where you ordered ten yards of cloth now you would order five yards of cloth then, and you would pay about the same for it, and you would get exactly the same quantity of cloth. Nobody would be hurt further than the disturbance in the measurements, which would always be an inconvenience.
"But if you contracted a debt for ten yards of cloth, with the existing measurement, and before the cloth is delivered the legislature of Illinois

should change the yard measure from thirty-six inches to eighteen inches and decree that all existing contracts should be settled according to that measure, then instead of ten yards for which you paid you would get five yards from the dealer, and you would have been cheated by the law which changed the contract which you had made. [Great applause.]
If on the other hand they provided that the yard should consist of seventy-two inches and make the new measure applicable to existing contracts, why then you would get twice as much cloth as you had paid for, and the cloth dealer would have been cheated out of just one half the cloth which the law had compelled him to deliver to you.
"The same thing is exactly true if you change the standard of value by which debts are measured. If a man owes you for labor, for goods, for anything of value, \$50, and before that debt became payable the government of the United States debased the coinage so that dollars would be worth one-half what they are worth today, you will be cheated out of just one-half the debt that is due you. And since every laboring man is always a creditor, for one day's work at least, usually for a week or two weeks, or a month's work, and all the laborers of this country are creditors every year to the amount of over \$2,000,000,000—[applause]—a fraud practiced upon the creditors of this country will fall with the heaviest hand upon laborers and producers, who are always the chief creditors."
Sponge Cake "Dominoes."
Bake a sheet of sponge cake about an inch thick when done. Cut it into oblong pieces the shape of dominoes. It is not necessary to copy the size. The cakes are usually made about 2½ inches by 1½. Ice them thickly with glossy white icing on the top and sides. Melt some sweetened chocolate by scraping up an ounce and adding a tablespoonful of cold water. Stir the chocolate and water with a spoon in a little pot set in water until it is melted and glossy. Draw lines in chocolate on the dominoes and mark them with dots.
Have You One of Mrs. Stowe's Letters?
The family of the late Mrs. Harriet Beecher Stowe request that any persons having letters of Mrs. Stowe will send them to Houghton, Mifflin & Co., 4 Park street, Boston, or A. P. Watt, Esq., Hastings House, Norfolk street, Strand, London, with reference to their possible use in a contemplated "Life and Letters of Mrs. Stowe." These letters will be carefully returned to their owners after copies have been made of such as are found to be available.
From California comes this bit of repartee: "When you ladies get the ballot, what are you all going to run for?" queried Governor Budd of Miss Anthony. "Well, I am going to run for home," was her reply.
WANTED—Ten or fifteen good lady agents, at once. Experience not necessary. Call from \$2 to \$4 per day. Call at 116 North Jackson street.

Advertising what you have not got or what you don't do is worse than not advertising at all. You can't well be too careful about this. Make your ads. strictly true in letter and in spirit. I believe that the majority of business men do this now, but as it is the most important thing about advertising, it will bear repeating and reiterating.

A GREAT BIG SHOW IS NOW UNDER WAY

ROCK COUNTY FAIR BEGUN
THIS AFTERNOON.

Largest Exhibit in Years in the Live
Stock Departments—Every Stall on
the Grounds Is Taken—Get Entries
From Walworth County—Tomor-
row's Program.

CORDING to all indications the fair that began in Jamesville today will be the biggest in the history of the Rock County Agricultural Society. Never before have so many entries been made and never before were the prospects so good. The exhibits in the live stock department are the largest in years. Every stall on the grounds is taken, and the stock displays will be a strong feature of the show. This fact is particularly gratifying to the management, as it shows the interest taken by the people who make the fair—the farmers and the stock raisers. Another thing that afforded Secretary Watt and Vice President Smith a good deal of gratification, was the fact that a large number of entries came from Walworth county.

The rain of Saturday, Sunday and Monday had a depressing effect, but with the clear sky of today things began to boom again. The merchants are now putting their displays in position, and tomorrow the big show will be in all its glory. Secretary Watt and Vice President Smith have worked hard, and that their efforts have been so successful, is a fact in which they can justly take pride.

Tomorrow's Program.

At nine o'clock the judging of the stock in all classes will begin, starting with the first number on the premium list, and following in rotation until the work is finished. This will occupy nearly the whole day.

At 10 o'clock the following games for the children will occur:

100 yard foot race, for girls under 15 years.
100 yard foot race for boys under 15 years.
One-fourth mile bicycle race for boys under 15 years.

One-fourth mile bicycle race for girls under 15 years.

One-fourth mile pony race for boys under 15 years, ponies under 13 hands.

Entries can be made at the stand.

At 1:30 o'clock the farmers' race will be called. The entries are:

Flossie, J. M. Huginin, Jamesville.
Queen, F. C. Huginin, Jamesville.
Katie, Jerome Shimeal, Shopleer.
Laura Nutwood, J. L. Fisher, Center.

Will be a Hot Race

The 2:35 class trotting race is also set for tomorrow and it will probably be one of the best races that ever took place over the track, as there are eight entries, all closely matched, and the horse that wins will have to start in the 2:30 class next time. These are the starters:

Jennie Thombs, b. m. Wm. Stone, Clinton.
Baby Bunting, b. m. E. C. Talar, Edgerton.
Jack Cutler, b. g. J. D. Leroy, Allison, Iowa.
Belton, E. C. Brown, Durand, Ill.
Kentucky Lew, b. h. B. F. Swingley, Freeport, Ill.

Count Folio, b. h. Guy P. Cobb, Mineral Point, Wis.

Massasoit, b. h. F. L. Smith, Jamesville.
Exter W., c. m. W. W. Briggs, Racine, Wis.

At 1 o'clock, Happy Jack, the wonderful pacer, who goes without sulky or driver, will be seen.

Music will be furnished by the Porter band.

The Police Force.

The police force has been selected, and the men went on duty today for the first time. Ex-Sheriff J. L. Baar is acting as chief of police, and the men selected to look after the welfare of the people are:

Harry Marsden, M. C. Olin,
John Kruse, O. Mable,
W. S. Potter, A. M. Glenn,
A. H. Taylor, J. L. Fletcher,
A. J. Caniff, Charles Lester,
Robert Carr, C. T. Shepard.

J. B. Moon here.

One of the oldest "supporters" of the Rock county fair is now in the city, in the person of J. B. Moon, of Chicago. Mr. Moon was a former resident of Jamesville, having located here in 1850. He was one of the prime movers in the old fair association, when the grounds were located at the Spring Brook addition. Mr. Moon is eighty-two years old, and for the past nine years he has made it a point to spend his week's vacation in attending the Rock county fair.

Big Sale of Underwear.

On Wednesday and Thursday of this week we have a sale of light and medium weight underwear that will be worthy of the attention of every lady in the city. Ribbed and gauze vests and children's vests and pants will be below value to close out the stock and make room for fall and winter goods. You may need a few pieces to finish out the season, and at the figures we have set on the entire lot it won't be such hard work to procure them. Think of buying ribbed vests at 75 cents each. Our large ad speaks of the different grades and reductions. Bort, Bailey & Co.

Underwear Specials

Our underwear sale commencing tomorrow will reduce 10 cent ribbed vests to 7 cents, 25 cent kind to 19 cents; 50 cent ones to 39 cents; 25 cent gauze vests to 19 cents and 50 cent gauze ones to 39 cents. Bort, Bailey & Co.

It's an accommodation to the public to be able to purchase goods in the evening. That's the principal reason for our keeping our store open every night. Lowell Hardware Co.

Beaumont DeForest's Property Is Dam-
aged By the Floods.

Beaumont DeForest may bring a
damage suit against the city for \$200
damages. Mr. DeForest resides at the
corner of Oakland avenue and South
Bluff street, and claims that during
the recent storm, his premises and cel-
lar were injured by the water and dirt
that came down Oakland avenue. The
water should have passed through the
Oakland avenue sewer if the sewer
had been of the proper size. Mr.
DeForest says that he warned the city
several weeks ago, of the danger in
case of a severe storm.

FIREMEN IN CONVENTION.

Biennial Meeting of the Brotherhood Opens at Galveston.

Galveston, Texas, Sept. 15.—The biennial convention of the Brotherhood of Locomotive Firemen opened here Monday with Grand Master F. P. Sargent presiding and a full attendance of delegates from the various districts. Among the important matters to be considered is the erection of a building at Peoria, Ill., at a cost of \$150,000, to serve as permanent headquarters of the organization.

The biennial report of Grand Secretary and Treasurer F. W. Arnold was one of the most satisfactory nature. It states that during the last two years forty-nine new lodges have been organized. There are now upward of 23,000 members in the organization. Its members are permitted to carry insurance in the amounts of \$500, \$1,000 or \$1,500, but no member can carry more than the last named amount. The records show that there are 20,076 carrying \$1,500 certificates \$44 carrying \$1,000 certificates and 1,047 carrying \$500 certificates. The report also shows that since the last biennial convention the beneficiary fund has paid out nearly two-thirds of a million dollars to the widows and heirs of 3,000 of its members, and to 145 members totally and permanently disabled from labor.

FEAR DANGER AHEAD.

Northwest Indiana Methodist Conference Goes Into Politics.

Terre Haute, Ind., Sept. 15.—Before the final adjournment of the northwest Indiana Methodist conference Monday a resolution was offered by Mr. Colvin, formerly of Fowler, to the effect that the condition of political unrest, like the sheet of lightning, is a threat of a coming storm, and the demagogues' effort to array labor against capital and to incite mob law demands the prayerful attention of the people. The venerable Dr. Smith, the patriarch of the church, said it would proclaim the members of the conference to be alarmists. By a vote of 30 to 24 the conference refused to lay it on the table, and later it was adopted.

Jingle and Jangle.

Jingle and jangle are two little bells
That jingle and jangle all day,
And jingle rings sweet, with an accent that tells

Of lightness, promise and May,
Sunshine and sugar and honey and bees,
Rainbows and butterflies' wings,
Bird songs and brook songs and widespreading trees—
Of joy little jingle bell sings!

Jingle and jangle are two little bells
That jingle and jangle all day,
And jangle rings harsh, with an accent that tells

Of darkness, foreboding, dismay,
Stormcloud and vinegar, wormwood and gall,
Toads' tongues and poisonous things,
Owls and ravens and dreams that appall—
Of woe little jangle bell rings!

Yes, jingle and jangle are two little bells
That jingle and jangle all day,
And the one that you listen to strangely compels

Behavior that's sure to betray,
So listen to jingle and be a good boy,
To jangle, oh, never give ear,
And your days will be merry and bubble with joy.

While sadness will never come near!
—William S. Lord in St. Nicholas.

Shoes for school at Richardson's.

Epidemic of Diphtheria at Elkhart, Ind. Elkhart, Ind., Sept. 15.—Eleven deaths have occurred in this city from diphtheria within the past seven days, and an epidemic is threatened. Several of the city schools have closed, owing to the increasing number of cases. It is expected that the entire schools of the city will have to be closed if the contagion is not checked. The board of health has issued an order forbidding further public funerals in cases where death resulted from that disease. New cases are reported daily, and it is said that there are nearly twenty victims afflicted.

More Gold Reaches New York.

New York, Sept. 16.—The steamer Orizaba, from Havana, brought \$300,000 in gold Monday. Heidelberg, Ickelheimer & Co. have an additional \$250,000 in gold on the Campana. The total engagements, including arrivals, aggregate \$29,385,000. Further decline is noted in the price of bar silver, sales of 60,000 ounces taking place at 65¢ to 64½¢, as against 68¢ a short time ago. The closing was at 65½¢. The weakness is attributed to depression in the eastern markets, entailing a lighter demand for bullion.

Both Sewall and Watson to Retire.

New York, Sept. 15.—From one high in the councils of the democratic party it is learned that as a result of the election in Maine Mr. Sewall will immediately resign his place on the democratic ticket providing Tom Watson of Georgia should also withdraw from the vice-presidential candidacy, thus leaving the democratic and populist national committees in joint session to fill the vacancy. Judge Walter Clarke of North Carolina is mentioned as the most promising candidate to succeed Mr. Sewall.

Japan's Big Order for Corned Beef.

Kansas City, Mo., Sept. 15.—The local packing house of Armour & Co. has received an order direct from the Japanese government for eighteen carloads of corned beef. The order is one of the biggest ever received here, and will be ready for shipment within about ten days. This immense shipment of beef is believed to be for use in the Japanese navy, although a positive statement to that effect is not obtainable.

Will Name Full Ticket.

Boston, Sept. 15.—The executive committee of the gold democrats held a fully-attended meeting Monday and practically decided to run a full state ticket at the coming election.

STATE OF WISCONSIN, COUNTY COURT

for Rock County, In Probate.
Notice is hereby given that a special term of the county court to be held in and for said county at the court house, in the city of Janesville, in said county, on the third Tuesday, being the 20th day of Oct., 1896, at 10 o'clock a. m. the following matter will be heard and considered:

The application of Smith Norton and Marilla Norton for the adjustment and allowance of their account as executor and executrix of the last will of Sarah Minerva B. Norton, late of the city of Beloit, in said county, deceased, and for the assignment of the residue of said estate to such other persons as are by law and said will entitled thereto.—Dated Sep. 15, 1896.

By the court,
J. W. SALE, County Judge.

EXECUTION SALE.—By virtue of an execution issued out of the Circuit Court for Rock County, Wisconsin, upon a judgment entered and docketed in said court on the 4th day of November, 1895, in an action in said court wherein Rock County National Bank is plaintiff and Charley Davis and Cordelia Davis are defendants, I have levied upon and will sell at public auction to the highest bidder therefor, at the east front door of the post office in the city of Janesville, Wisconsin, on Monday, the 7th day of September, 1896, at ten o'clock in the forenoon of that day, all the right, title and interest which the defendant, Cordelia Davis, had on the 4th day of November, 1895, or which she has since acquired, in and to the following described real estate, situated in the town of Janesville, Rock county, Wisconsin, namely:

The northwest quarter of section eleven (11) and the southwest quarter of section two (2), town three (3) range twelve (12) east. Also that portion of the southeast quarter of said section two (2), town (3) range (12), described as follows:

Beginning at the northeast corner of the southeast quarter of said section two (2), running thence south on the west line of said quarter section fifteen (15) chains and fourteen (14) links; thence east on a line parallel to the north line of said quarter section, thirteen (13) chains and twenty and one-fourth (2¼) links; thence north on a line parallel to the west line of said quarter section, fifteen (15) chains and fourteen (14) links to the north line of said quarter section; thence west on the said north line thirteen (13) chains and twenty and one-fourth (2¼) links to the place of beginning, containing twenty (20) acres of land.

That by virtue of said execution, I have also levied upon, as the property of the defendant, Charley Davis, and will sell at public auction to the highest bidder therefor at the same time and place mentioned above, the following described real estate, situated in the town of Janesville, Rock county, Wisconsin, and described as follows:

The west half of the northwest quarter, and the southeast quarter of the northwest quarter of section eleven (11), town three (3) range twelve (12), containing so much of the above described property, as may be necessary to satisfy said execution, with interest and costs of sale.

Sometimes it seems to weary woman that she must certainly give up. The simplest and easiest work becomes an almost insurmountable task. Nervousness, sleeplessness and pain harass her and life seems hardly worth the living.

Dr. Pierce's Favorite Prescription was made for her. Dr. Pierce's Golden Medical Discovery was made for her. The former is for the ill distinctly feminine, the other for her general and successful course of treatment. The "Favorite Prescription" restores healthy, regular action to the organs distinctly feminine. It forces out all impurities, strengthens the tissues, allays inflammation. The "Golden Medical Discovery" makes appetite, helps digestion, promotes assimilation, fills out the hollows in cheeks and neck with good solid flesh and brings back the gladness of girlhood. With these remedies there is no need of detestable "purgations."

Dollars and Sense

Some estimate how much a thing cost by its first cost. Others, who are wiser, estimate it by its worth.

We are selling Stoves worth just as much as we can learn how.

If we could make them cost less without having them worth less, we would do so.

Our efforts are in an another direction, We are all the time trying to have them worth more.

You can buy some stoves at lower prices than "Garlands", but none that are worth so much, or possess as many advantages.

Its Better to Pay a Fair Price For
Something, Than Little For
Nothing.

A trial of a "Garland," as a stove will determine. More Garlands made and sold than any other one make in the country. This is a point for you, the stove must certainly have much merit.

AN EXTRA SESSION.

Belief that Congress Will Have to Consider the Increasing Deficit.

Washington, Sept. 15.—It is said at the treasury department that recent political events have not impaired the conviction held by finance officials that an extra session of congress must be called to provide additional revenue to wipe out the deficit. The treasury showing has been very bad since July 1, and during the two months and a half a deficit nearly equal to that of the last fiscal year has accumulated. This is \$10,000,000 worse than the showing for the same period in 1895. The receipts for the ten weeks ending Sept. 12, 1895, were \$63,035,967, and the expenditures were \$83,154,148. The receipts for the same period this year have been \$64,653,262, and the expenditures have been \$88,602,144.

The increase of expenditures has been chiefly due to the payment of \$5,000,000 for the sugar bounty, whose constitutionality was upheld by the Supreme court, against the ruling of Controller Bowler. The falling off in receipts has been entirely in customs, which paid \$35,699,683 for the first ten weeks of 1896, and have paid only \$29,649,113 for the corresponding weeks of the fiscal year 1897. The internal revenue receipts advanced from \$29,707,211 last year to \$30,816,063 this year, and they are not likely to fall back. The general treasury balance is now \$61,000,000 more than a year ago, and stands at \$242,854,715. This \$61,000,000 is all that remains of the \$111,000,000 realized from the last bond sale. The difference has gone to bridge the deficit for last year, and to cover the redemption of some Pacific railroad bonds. The month of September showed a surplus last year, and may do so this year, but the receipts for twelve days are already nearly \$1,000,000 less than a year ago.

THE SHAKERS' IDEAS OF MEDICINE.

Now a days when a man goes to his doctor, he is usually told that he has some unheard of disease with a long name, and when he leaves the office he does not know whether it is St. Vitus Dance or consumption that is gradually undermining his health.

It is therefore refreshing to talk with the Shakers for their very simplicity commands confidence and respect, and we have the further satisfaction of knowing that they have devoted themselves to the study of disease and its cure for more than a hundred years.

The venerable old man whom the writer saw was only too glad to discuss his pet subject. He said that strange as it might seem, very few doctors realized that three-quarters of the most prevalent diseases were all attributable to faulty digestion.

He then went on to say that a child of average intelligence knows that putrid meat or decaying vegetables are poisonous, and must be avoided, and yet these same foods, even if taken into the stomach in the freshest possible condition soon decompose unless digested and absorbed.

In such cases the resulting poisons enter the system, when aches and pains, weakness and debility soon follow as a natural consequence.

It was recognition of this that led the Shakers to devote their energies to the perfection of a product which would stimulate the digestive organs and assist them to perform their proper work.

The first symptom of disordered digestion is loss of appetite, and the Shaker Digestive Cordial is wonderfully efficient in supplying any deficiency in this respect, at the same time it relieves all distress after eating. Furthermore, as was carefully explained by our venerable friend, it is absolutely harmless.

Petter evidence of the Shakers' confidence in it could not be found, than in the fact that they have placed 10 cent sample bottles in the hands of all druggists, assured that if once tried it will produce such immediate and marked benefit that it will be continued.

Italian Ship Wrecked.
Highland Light, Mass., Sept. 15.—The Italian bark Monte Tabor, from Trapani for Boston, with a cargo of salt, was wrecked on Peaked Hill bar at midnight. To escape death by drowning, it is presumed, Capt. Delacassa committed suicide by shooting, and his example of self-destruction was followed by the mate, who cut his throat with a razor. Four of the crew of ten, all of whom were swept overboard, were drowned. The remaining six reached shore on the vessel's deck-house, which was the largest portion left from the vessel a short time after she struck.

Denver Is Busy This Week.
Denver, Colo., Sept. 15.—Denver is entertaining the delegates to two notable conventions, one that of the National Association of Postoffice clerks, and the other the Western Editorial Federation. Both are largely attended. The postal clerks' association is aiming to secure the passage by congress of a bill for increasing the salaries of postal clerks. The members of the Western Editorial Federation are here in force, and the executive committee has prepared an interesting program for their entertainment.

Trouble Will Be Settled.
New York, Sept. 15.—A dispatch to the Herald from Buenos Ayres, Argentina, says: A correspondent in Rio Janeiro, Brazil, telegraphs that the Brazilian foreign minister, Senor Cerqueira, has informed a circle of friends of high standing officially that he regards the prospects of a peaceful settlement on the Italian question as extremely favorable. Signor Bruno, the Italian representative in San Paulo, declared in an interview with Senor Cerqueira that the situation in that state was still grave.

May Have Burned at Sea.
New York, Sept. 15.—Reports made by three vessels that arrived Monday arouse the gravest fears that the three-masted ship State of Maine, that left here on Sept. 4 with a cargo of case oil for Shanghai, has been burned at sea, and that all on board, some twenty-six men, have perished.

Militia May Be Called Out.
Denver, Colo., Sept. 15.—Gov. McIntyre is considering the advisability of sending troops to Leadville to suppress disorders caused by the miners' strike and protect men who wish to work. The National Guard of Colorado will probably soon be en route to the famous carbonate mining camp.

Cotton Compress Destroyed.
Little Rock, Ark., Sept. 15.—The Union compress and contents were destroyed by fire late Monday night. Loss on buildings, \$150,000; on cotton, \$100,000. The building and machinery were insured for \$80,000 and the cotton was covered by blanket insurance.

Big Fire at Little Rock.
Little Rock, Ark., Sept. 15.—The Little Rock cotton compress, together with 5,000 bales of cotton, took fire late Monday night, and is a total loss. The Lesser Cotton company of St. Louis is a large owner of the stock of the company. The loss is estimated to be \$300,000, partly covered by insurance.

Flood Damage at Rockford, Ill.
Rockford, Ill., Sept. 15.—Rain has fallen steadily for forty-eight hours. Rock river rose nearly four feet, sweeping out the dam at the city electric-lighting works, nearly crippling the plant. A number of bridges were washed away and farmers have lost much live stock in the flooding of lowlands.

Alleged Bank Wrecker Caught.
Terre Haute, Ind., Sept. 15.—Lawrence A. Culver, who was indicted at Logan, Ohio, June 30, 1892, for wrecking the People's bank, of which he was president, and converting to his own use \$30,000 of its funds, was captured here Monday. He has been a fugitive since 1892.

Joliet Mills to Resume.
Joliet, Ill., Sept. 15.—After an idleness of two months the Joliet branch of the Illinois Steel company resumed this morning, giving employment to 2,000 men. Orders have been received and the demand for steel makes it necessary to resume.

It Banished the Freckles.
A South American lady is quoted as saying that some time ago, in the absence of water, of which there was a great dearth at the time, she washed her face with some of the juice of a watermelon. The result was so soothing that she repeatedly washed her face in this manner, and her astonishment was great, a few days later, on seeing that there was not a freckle left on her previously freckled face.—New York Tribune.

Call Them Barmalids.
The east, so long changeless, is changing rapidly at last. Even India has given a lead to England in the matter of the lady barmalid. Miss Cordelia Sorabji, a Parsee damsel, who is as well known at Oxford as at Poona, is the very newest of new barmalids and conducted her first case with such success at the Poona sessions court that her client, who was accused of manslaughter, was acquitted.—London World.

A Coming Mode in Skirts.
It is predicted that before very long skirts will be left open in front or at the sides to show an underskirt of a different color and material. It may be colored, with flat applications, passementerie or platings of mousseline de soie, but in any case will contrast with the outside skirt. Valenciennes insertion is largely used on skirts as well as bodices, being arranged regularly in lengthwise bands.
